NUMBER 16

Japanese Surrender Reported

Governor H. J. Snell Of Rotary Here

HAROLD J. SNELL

District Governor Harold J. Snell, elected in June as Governor of District 116, made his official visit to the Raymond, Cardston and Lethbridge clubs the first of the week, being here Monday evening. Due to so many being on holidays and the rush of work, the attendance was very small, but those in attendance greatly enjoyed the visit of the Governor and the instructions given.

The speaker mentioned the fact that despite the war Rotary had continued to grow, and the spirit of Rotary, exhibited during the war years has given people a higher appreciation of the Rotary movement and what it stands for. Every club has maintained splendid standards of service in all four lanes and have continued to extend the fields of service, entering now into the rehabilitation of returning service men and women. He urged the local Club to carry on Rotary as not so much a matter of members as it was a matter of attendance and service.

Mr. Snell has been active in the Red Deer Club for more than 20 years, has served as President of the Club, Mayor of the Town, a veteran of World War 1 and a community worker in the full sense of the word. He was introduced by Pres. Tom Roberts, and after meeting spent an hour with the executive. Special guests at the luncheon, served in the Sugar Bowl, were James H. Walker and S. B. Card.

Leo Brewerton was at Waterton over the week end and won the Harked and Maurice Cooper. twelfth flight in the Tournament. The meeting closed early to allow the members to play softball.

NEWS NOTES

L. J. Hawkins was a Lethbridge visitor Tuesday on business.

Howard Melchin of Sugar City Motors was in Lethbridge on business Wednesday.

The home of Mr. and Mrs. L. J. Hawkins has been covered with asbestos siding and has also been re-roofed with asbestos shingles the past few days.

With harvest at hand farmers have been repairing binders, combines, grain boxes, etc. A fair yield of high quality grain is looked for in early seeded fields.

Mr. Ray B. Rasmussen of the R.C.A.P. arrived home Monday of this week after several years service overseas. He feels fine, is glad to be home and is expecting his wife, whom he married recently in England to join him before very long.

NO PAPER NEXT WEEK

Owing to the necessity for a staff holiday there will be no issue of this Recorder next week. We are drudging some advt. insertions one week to avoid disappointment to advertisers and ask the cooperation of all and sundry in permitting a holiday from the daily routine. Thank you.

LIONS MEETING

The regular meeting of the Lions Club was held in the 2nd Ward Hall on Monday August 6th with Pres. Karl Wilde in the chair. The meeting opened by singing "Oh Canada" which was followed by prayer by Lion Alvin Jones.

Lion Mutt Ralph introduced Harold McKean and Scotty Depow as his guests and Lion Jim Barker introduced his son-in-law Kenneth Hodenstrom as his guest.

Community singing was enjoyed by the members under the leadership of Lion tamer Gerald Gibb.

Pres. Wilde then appointed Lions Jack Evans, Ralph Byrne and Scott Salmon as a committee of 3 to arrange for a Ladies Night in the near future.

The Lions Roar was given for the new members viz: R. Byrne, Leon over the week end and won the Harked and Maurice Cooper.

been made by any of the Allied powers respecting the report. An air of Unconfirmed reports this forenoon expectancy filled the Allied Capitals, stated that Japan had offered to but heads of Governments kept it in surrender unconditionally in keeping ent until a statement, expected with the terms laid down at the re- cry moment, could be made: from all cent Potsdam conference and the capitals at once. The general belief radio said London, England was col- is, however that after the Atomic bombing of Hiroshima and Nagasaki stated that Japan had offered to that surrender is not far off. At noon no official statement had

Rehabilitation Committee Meet

Atomic Bomb Released Wholesale Destruction

The big news of the week has been the bombing of Hiroshima, important Japanese city with the new acencing the Allies of attacking all and unbelievably powerful atomic bomb. We have listened to several of this bomb, and we still don't know anything about it. The thing that does impress us is the destructive power which it carries.

One newscast told of the test made of the first one and said that the steel tower used for it was obliterated when the bomb went off, the con- cussion was felt for miles, and where the bomb had been there was nothing but a huge crater. One can only surmise and try to imagine the conditions as one explodes. Weighing about 400 pounds, the reports state that for four square miles in the Japanese city everything, human, animal and plant life was killed.

A burning heat, a terrible explosion and concussion, and an incendiary bomb all wrapped into one seem to be some of the effects of this now giant. At 400 pounds per bomb, one bomber plane could load up with these and make the rounds of the Japanese islands and wipe them all off the map. Leaflets are being dropped warning the Japanese of what to

expect if they refuse to surrender. Naturally the Japanese leaders are the realms of decency in using this bomb. We think it is just a case of the Allies beating the Japanese to the punch and we don't very much if the use of these bombs is as human as some of the treatments and torture that Japanese soldiers have handed out to women, girls and men in the islands they have overrun.

Paralleling this news, and causing another big headache for Japan is the announcement of Russia in de- claring war on Japan. With power on her southern borders, Russia can concentrate her sea air and land power on Japan, which she had been wanting to do for long years. Just

ion will stop if Japan does not surren- dly surrender can only be guessed at. With Russia at the back door, Australia and United States with in- creasing power at the front door and Canada ready to bludge through the window, it looks as though whether Japan surrendered or not the end of the war would not be very far off.

ed warning the Japanese of what to

Halmrast Easy Winner--- Very Light Vote

HOMETOWN

Despite perfect weather conditions prevailing all day Monday, there was a very light vote cast in the Warner bye-election with L.C. Halmrast, Social Credit a four to one winner over H. J. Herath, the Single Tax candidate. There seemed to be a general lack of interest on the part of voters throughout the district. They just weren't interested enough to come to the polls. Farmers are busy, tis true, but this was not the reason for the light vote. It was just lack of interest.

With the polls of Deer Park and Twin River yet to be heard from, the voting is as follows: Halmrast 953, Herath 297. In Raymond where nearly 1,000 names were on the list only 177 votes were cast, and apparently this was just about the average throughout the constituency.

Only one meeting was held in Ray mond, and that was last Saturday night when Spion E. Low, Dominion Party Leader and L.C. Halmrast, the newly elected member spoke to a small audience.

The newly elected member has been a leader in the south-east part of the Province for a number of years and has been especially in- terested in education, serving con- tinuously on the School Boards in his district and is now a member of the large Foremost division. Being a sheepman he is also well acquainted with stockmen's problems and will be interested in and working for the farmers interests in all prob- lems.

Born to Mr. and Mrs. E. M. Kiddle Thursday, August 9th, a baby girl. Mother and daughter are doing fine.

"NATIONAL VELVET" the most talked of picture in recent months Monday, Tuesday and Wednesday at the Capitol, August 13, 14, and 15. Whoop Up on Wednesday afternoon Two shows Monday night, first 7:15

per dozen over the week-end for some grudes. Welcome news to the poultry producers, not quite so nice for consumers.

Don't forget the plebiscite on the waterworks debenture on August 27th. If you don't voice your opinion with your ballot the Council will have to decide according to the verdict of those who do. If we want it, let's vote for it.

Flavored with good weather, al- though the skies looked threatening Monday, Tuesday and Wednesday at times, the 2nd Ward outing at the Capitol, August 13, 14, and 15. Whoop Up on Wednesday afternoon Two shows Monday night, first 7:15

The afternoon hours were devoted to children's sports, games and con- versation. Lunch lasted from 5:30 until nearly dark when the big bonfire was lighted, and here a very inter- esting program of songs, stories and jokes occupied the crowd until ten o'clock when the program closed and everyone came home.

Warren Jones hit horse as he was returning from Lethbridge last week and sort of bunged up the front of his car. The accident happ- ened near the Hutterite colony just north of the coulee.

WILL THE STRUCTURE BECOME
TOP HEAVY

We read with delight the forward march of Canada in social service benefits to young and old. The increasing of the Old Age Pension from \$20 to \$30 per month, the introduction of Children's Allowances, free treatment of certain ailments, hospital grants, free maternity benefits, and, lastly, the augmenting of the Old Age Pension to care for all indigents between 65 and 70 years of age, suggested at the Dominion-Provincial Conference now in session in Ottawa. We are 100 per cent in favor of all these moves, and say amen most heartily to everything that will aid us to the prosperity, security and comfort of Canadians both young and old. The only question in our mind is establishing a new order. Basically from the financial structure of the

union stand the strain of all of these benefits?"

The last four or five years have been abnormal years. The circulation of money has been greatly accelerated throughout the length and breadth of the country, and to rich and poor in every walk of life. If we are building a structure based on the statistics of this era and depending on this average of wealth per capita in Canada, then unless we have a new financial setup and a new monetary policy, it is our opinion that we are riding for a fall. During the stress of war individuals and corporations will accept without murmur increased taxes here and there, luxury taxes, sales taxes and so on and inflation that they will not and should not be expected to take in normal times. On the other hand, if these suggestions and increased benefits are the result of a long range study of the nation's ability to pay in normal times, we have nothing at all to say and only praise for the governments introducing them.

Like everyone else we would like to see an era of prosperity and peace extended to the next four or five generations, or better still for all these moves, and say amen most heartily to everything that will aid us to the prosperity, security and comfort of Canadians both young and old. The only question in our mind is establishing a new order. Basically from the financial structure of the we appear to be like the old man

maximum pensioners average between
\$20 and \$25 a month).

The brief did not say when the new pension plan would come into force, but indicated that they likely would not be operative before 1948. It said that cost of the national plan for 1948 was estimated at \$200,000,000 part of which would be recoverable from people more than 70 paying income tax.

The total cost of Dominion Pension plan assistance in 1948 was estimated at between \$34,000,000 and \$40,000,000 half of which would be paid under the existing plan, the federal government paid out \$10,000,000 and the province \$15,000,000.

**NATIONAL OLD AGE PENSION
PLAN WILL BE AUGMENTED TO
COVER THOSE 65 TO 69**

Ottawa, Aug. 6 A national Old Age Pension plan to cover all persons more than 70 years of age and a Dominion-Provincial Old Age assistance plan to help indigents between the ages of 65 and 69 was proposed today by the Federal government as a means of improving the lot of Canada's aged.

In a brief read at the opening session of the Dominion-Provincial conference, the government proposed that it establish a system of national old age pensions entirely financed and administered by the federal government, and that the uniform rate of \$20 a month be paid regardless of income to men and women age 70 and over in all parts of Canada.

The government also proposed that the existing system of joint Dominion-Provincial Old Age assistance on a means-test basis be adapted to meet the needs in particular cases of persons between 65 and 69. The Federal government would pay 50 per cent of the cost up to 50 per cent of \$30 a pensioner per month.

(Under the existing Dominion-Provincial Old Age Pension plan the

2-4-D

The importance of DDT in controlling insects is well known to most farmers. At least, it soon will be, since limited quantities are now available for use on stables, dairies, etc. If preliminary experiments are confirmed, 2,4-D, or if the reader disdains mechanics, 2,4 dichlorophenoxyacetic acid, will be equally important in weed control. It will destroy a wide variety of annual and perennial weeds. It appears to be harmless to grasses. Extensive experiments by Provincial and Dominion Departments of Agriculture are in progress and we await the results with interest.

Farm Granaries Again

At this season, with most granaries empty, farmers may do much to prevent later losses from heating and infestation of farm-stored grain. Empty granaries should be thoroughly cleaned. Brush down walls and sweep floor with damp sawdust, then sprinkle a little hydrated lime over the floor and sweep it about to fill all cracks. Repair leaky roofs, walls, and especially floors. Where floors, either wooden or concrete, rest directly on the ground, a covering of moisture-proof paper over the floor and extending up the walls for a foot or so will help to exclude ground moisture. Provide for good ventilation over the surface of the grain. A little clean sawdust may be set of freshing lot.

Station agent and Mrs. Ball are in Canada. They are bought by fur vacationing at present from the manufacturers to trim many a well dressed woman's coat. They are caught in every province, with Sask.

Mr. and Mrs. Ira McBride are in Saskatchewan in first place in 1944, out of a total of 800,000 sold about 255,000 came from Saskatchewan. Alberta contributed 150,470 and Ontario 143,000. The average price per skin last year was \$1.65 compared with 48c. 10 years ago. The fur of three-quarters of a million weasel skins is sold under the trade name skins are sold at fur auction sales of ermine.

ERMINE IS WEASEL

On a yearly average, more than three-quarters of a million weasel skins are sold at fur auction sales of ermine.

PUBLIC NOTICE**Re Waterworks By-law**

Following is a synopsis of By-law Number 446 of the Town which has been given First Reading by the Town Council and which will be finally passed within five weeks after the assent of the Proprietary Electors of the Town of Raymond.

The By-law provides:

- (1) That George E. Court be appointed Returning Officer to take the vote of the Proprietary Electors on the said By-law, the vote shall be taken Monday, August 27th at the Town Hall, Raymond between the hours of 10 o'clock a.m. and 7 o'clock p.m. and the result shall be declared the following day.
- (2) The Council is empowered to enter into contracts for the construction of waterworks pumping and filtration plant, water mains and reservoirs and renewing a part of the existing water mains in the Town, involving a possible cost of \$100,000.00.
- (3) The Council is authorized to borrow the sum of \$100,000.00 for the said works by debentures in the sum of \$100,000.00 in amounts not less than \$100.00 with interest at 4 pc. payable in 30 equal annual instalments of \$5,783.00 each. The annual payments to be obtained from the net profits of the water system.
- (4) The indebtedness is contracted on the credit and security of the Town at large.
- (5) The By-law is to take effect after the date of the final passing. Read a first time the 31st day of July, 1945.

Signed "Wm. Jensen, Mayor.

W. L. Jones, Sec. Treas.

Certificate of Returning Officer

I, GEORGE E. COURT, of Raymond, Alberta, certify that the foregoing is a true synopsis of the proposed By-law 446 of the Town of Raymond which has been given first reading by the Council and will be finally passed by the Council within five weeks from the assent of the proprietary electors.

And Take Notice that MONDAY, AUGUST 27th, at the TOWN HALL, Raymond, is the date and place for voting on the said By-law.

And further take notice that the Polls will be open on that day between the hours of 10 A.M. and 7 P.M.

GEO. E. COURT,
Returning Officer.

PRESERVE BY FREEZING

A new bulletin entitled "Preserve by Freezing" has been prepared by the Home Economics Division of the Alberta Department of Agriculture for Alberta homemakers. Freezing is rapidly becoming popular as a means of preserving fruits, vegetables and meats. Some of the advantages of freezing are: More of the food value is preserved. The product more closely resembles the fresh food in colour, flavour and texture. Less labour and time are required for preparation and cooking.

Some varieties of a vegetable or fruit do not result in a palatable product when frozen. Be careful to freeze only varieties which have been tested and are recommended in the bulletin as suitable for freezing.

Full details are given in this bulletin on the preparation of fruits and vegetables for freezing. Directions are also given for preparing and freezing meat, poultry, fish, dairy products and eggs.

The last section in the bulletin

Joe Mandel of the O. K. Colony returned the first of the week from a professional trip to Rochester, N.Y.

Weather report: Hot and dry, not much change in temperature.

Funeral services for Frank Leiting well, pioneer farmer and hotelman of Warner and, Milk River, were held in Lethbridge Thursday afternoon. Frank passed away Sunday in Rochester following an operation and was brought back to Southern Alberta for burial. He was a Liberal and represented Warner in the provincial house for many years and was well known and highly respected by everyone who knew him.

The Wolf Creek Colony had a fire Wednesday in one of their big fields of winter wheat that would have been very disastrous had it not been extinguished quickly. Their self-propelled combine took fire on the engine and commenced blazing up over the machine and spreading to the standing wheat a field of 700 acres. Quick action confined the damage to the machine and a very little bit of wheat, but not before the tires on the combine, the belts and wiring near the engine were completely destroyed. They were busy Thursday trying to get going again.
